## WORK EXPERIENCE

### Senior Software Engineer Zeotap

12/2021 - Present

Bangalore, India

#### Achievements/Tasks

- Spearheaded legacy **Angular code upgrade to v17**, enhancing performance and enabling Signal usage.
- Built a **BFF Layer** to streamline API communication, improving maintainability.
- Developed AI-powered features for customer segmentation, **boosting engagement by 15%**.
- Designed and implemented a **reusable query builder UI component library**, accelerating development by **30%**.
- **Mentored** fellow engineers and guided interns, fostering a collaborative environment.
- Led migration to **Nx workspace**, optimizing project organization and build performance.
- Initiated **Tailwind CSS adoption** for improved UI consistency and faster development.

### Software Engineer Tredence

07/2019 - 12/2021

Bangalore, India

#### Achievements/Tasks

- Engineered an in-house Pricing Tool, **reducing manual effort by 60%** for project approvals.
- Developed a Valuation & Benchmarking Tool, enhancing client **efficiency by 50%** and expanding reach.
- Designed an HR Sentiment Analysis Tool, **increasing feedback response rates** to nearly 100%.
- Delivered **8+ web applications end-to-end**, from planning to deployment.
- Led performance optimization initiatives, reducing **load times by 40%** across platforms.

## LANGUAGES

English  
Full Professional Proficiency

Hindi  
Native or Bilingual Proficiency

## SKILLS

Agile Development Practices

Angular

Component Libraries (Material UI, Bootstrap)

Cross-Browser Compatibility

Git / Jira / Jest

HTML5 / CSS3 / Tailwind CSS,

JavaScript

Nest.js

Node.js / Express.js

Nx Workspace

React

RESTful APIs

RxJS / Signals

Testing & Debugging

TypeScript

Web Performance Optimization

NgRx

Redux Toolkit

Cypress, Jasmine, Karma, Testing Library

OAuth 2.0, JWT Authentication

Figma collaboration, Storybook Basics

## PERSONAL PROJECTS

### Portfolio Website (01/2024 - Present)

- Built a responsive portfolio site with Angular and Tailwind CSS.
- Added useful widgets like 'Weather Dashboard' and 'Todo List'
- Implemented dynamic routing and lazy loading for enhanced performance.
- Portfolio: <https://amanpareek.com/home/about-me/>

### Gaming Channel - Console Haveli (01/2025 - Present)

- Created a YouTube gaming channel focused on walkthroughs and gameplay.
- Applied SEO strategies and editing techniques to grow viewership.
- YouTube: <https://www.youtube.com/@ConsoleHaveli>

## EDUCATION

### Bachelor of Technology in Electronics and Communication Engineering

Vellore Institute of Technology, Vellore, India

05/2015 - 05/2019

CGPA: 8.44
